

Jainam Shah

Team Lead

Phone:	+91 97225 25415
Address:	SiddhShila Residency, Nr. Galaxy Circle, Pal, Surat - 395009
Email:	<a href="mailto:jainam4me@gmail.com">jainam4me@gmail.com</a>

I am a **software developer** who has been working in **Python and PHP backend development for more than 9 years**. I have a strong grasp of building scalable systems, REST APIs, and managing SQL/NoSQL databases. Technical skills include **PHP, Python, Laravel, CodeIgniter, AWS, FastAPI, Flask, SQL, MongoDB, Redis, Git, Docker**, etc. expertise on working with **AI models such as GenAI, Auto Ads, Fine Tuning, Video Generation** etc. Committed to continuous skill improvement.

Experience	<div><div>Omnkey</div><div>Team Lead</div></div> <div>JUNE 2021 - PRESENT</div>
	<div><div>BosLeo Technology Pvt. Ltd.</div><div>Team Lead</div></div> <div>DECEMBER 2015 - JUNE 2021</div>
	<div><div>Silicon Leaf Corporation</div><div>Software Engineer</div></div> <div>JANUARY 2014 - MAY 2014</div>

Duties at Work	<ul style="list-style-type: none"><li>• Handle a mid-sized team.</li><li>• Developing web app using PHP, Python, MySQL, MongoDB, AngularJs, AWS and other programming tools.</li><li>• Building backend using PHP (Laravel, CodeIgniter), Python (FastAPI, Flask), OAuth2, JWT, Rest API Standards and other libraries.</li><li>• Working with AI team to integrate AI models like GenAI, Video Generation, LoRA Fine Tuning, Auto Ads etc. during my work.</li><li>• Developing compatible User Interface functionality using AngularJs, jQuery and other libraries.</li><li>• Implemented Ads APIs of Google, Facebook, LinkedIn, Twitter, Snapchat, Tiktok, Reddit etc. during my work.</li><li>• Implemented web APIs of Stripe, Authorized.net, Google, FullCalendar, Mailchimp etc. for some projects during my work.</li><li>• Working with UI/UX Designers, Front-End Developers, Junior Developers, Testers, and Project Manager to capture requirements for the functional elements of web application projects.</li><li>• Documenting features, technical specifications &amp; infrastructure requirements. Also responsible for liaising with clients and ensuring that all work carried out complies with standards and guidelines.</li></ul>
----------------	--

## AI based advertising platform

<https://www.omneky.com/>

It generates personalized ad copy and media at scale. Our machine learning algorithms analyze what designs and messaging are resonating with prospective customers and use these insights to generate ads most likely to drive engagement.

**Technology:** Python (FastAPI), MySQL, MongoDB, Redis, AWS, Rest APIs, Jira, Git etc.

**AI Model:** GenAI, Auto Ads, Fine Tuning, Video Generation etc.

---

## Veterinarian Application

<https://www.acurovet.com/>

It is a cloud-based solution with full set of web and mobile apps to enable an integrative approach to veterinary medical records. system manage pet, owner, users, appointments, visits, inventory, prescription, role & access management, etc.

**Technology:** PHP (Laravel), AngularJS, MySQL, AWS, Rest APIs, Jira, Git etc.

---

## Mother Child Health Care

The project is based on mother and child health. we are managing hospital health care data from mother pregnancy to 5 years of baby. we are managing appointments, report, visit, pharmacy, Birth Certificate, role & access management, etc.

**Technology:** PHP (Laravel), AngularJS, MySQL, AWS, Jira, Git etc.

---

## Auditing and Inspection Solution

It is a cloud-based solution with full set of web and mobile apps. It is designed for global workforce communities operating across multiple industry sectors. It provides a fast, flexible, and dynamic audit and inspection platform. The mobile apps enable auditors to conduct the inspections and web app delivers audit configuration, business process enablement and analytics.

**Technology:** Core PHP, jQuery, AngularJS, MySQL, AWS, Rest APIs, Git etc.

---

## Online Shopping of Medical Supplement

it customized medical supplements delivered to the client, when and where the client wants it. Currently, we are focused in detoxing and rejuvenating medical practices that are known to work for the medical indication.

**Technology:** PHP (CodeIgniter), jQuery, MySQL, AWS, Git etc.

*Education*

**Uka Tarsadia University**

2014 - 2016

Master of Computer Applications (MCA)

**Institute:** Shrimad Rajchandra Institute of Management and Computer Application

**CGPA:** 8.56

---

**Veer Narmad South Gujarat University**

2011 - 2014

Bachelor of Computer Application (BCA)

**Institute:** C B Patel Computer College

**CGPA:** 7.15

---

*Publication*

**Actively Hierarchical Load Balancing  
Algorithm in Cloud Computing**

JUNE - 2015

National Journal of System and Information  
Technology (NJSIT)

---

*Award*

**Winner in Srimca Chess Championship**

APRIL 2015

Shrimad Rajchandra Institute of Management and  
Computer Application

---

**Winner in AssembleIT Event**

SEPTEMBER 2015

Shrimad Rajchandra Institute of Management and  
Computer Application

---

*Volunteering*

**Mozilla Firefox**

MAY 2015 – APRIL 2016

Firefox Student Ambassador (FSA)

---
